ENVIRONMENTAL POLICY STATEMENT

Widescope Security Services Limited believes that business has a responsibility to achieve good environmental practice. We at Widescope Security Services Limited accept our environmental responsibilities and recognise our obligations to contribute to a better and improved working environment.

Through an efficient and effective utilisation of resources and support from our customers, we aim to:

1. vigorously comply with all relevant legislation and codes of practice;
2. continually seek to improve our environmental performance;
3. quantify and reduce our environmental impacts through careful planning, control and management of sites assignments;
4. improve staff awareness and understanding of environmental issues;
5. seek to ensure that all people working on site and visitors are made aware of environmental issues while there.

We recognise that differences exists between sites and their managements, we however, hope to maintain and implement our environmental plan, with regard to the principles and standards we have established in line with the customers site assignment, on which its success will be assessed.

Kenneth Whyte
Widescope Security Services Limited.
